City of Shoreview Special Workshop

Navigating the New Normal

Presented by the Urban Land Institute—Minnesota

March 12, 2012

City Hall—Council Chambers

Social: 6:30 pm—7:00 pm

Workshop: 7:00 pm—9:00 pm

ABOUT THE WORKSHOP

"Navigating the New Normal" is a ULI-MN workshop that offers a practical approach to the new challenges of development and redevelopment. It focuses on Shoreview in a way that strengthens our understanding of today's realities of development and redevelopment. This workshop is designed to foster a dialogue about the opportunities and challenges inherent in a new economy based upon shifts in the market and changing demographics. ULI staff will lead an interactive two hour workshop with a panel of professionals representing public finance, commercial and housing development, planning and design. Please see attachments for more details about this special workshop.

Special Joint Meeting

The Mayor and City Council requests the attendance of all members of these invited groups:

- City Council
- Economic Development Authority
- Economic Development Commission
- Planning Commission
- City Staff
- Other Invited Guests
